

OF CITY AND COUNTY CONDENSED

—Energetic young man who to learn wall paper and paint. Office work. Small salary. References required. Berger & Phillips, 2t.

—The prominent visitors to this yesterday was W. R. Coulter of Ga., chairman of the Democratic State Committee of that county. A very popular young man. He is on business.

—Rosa Fulton of Savannah, Ga., has been visiting Dr. and Mrs. J. L. for the past weeks, returned home yesterday. This young lady made many friends here who regret her departure, but hope to see her again.

—Lartigue and family are now in their new home, East Union, which has just been completed. The house contains seven rooms, and is in every respect. Friends of Lartigue are congratulating him on his new home.

—The offices of the Alachua County Trust Company are being repaired, which will add greatly to their appearance. The patterns used are of latest design, and will make the very attractive. Sternberger & Co. have the contract.

—M. Clarke, the traveling representative of the Rountree Trunk and Company of Richmond, has returned from points in Georgia, where he has been in the interest of his firm. Clarke has recently visited points in Louisiana, Mississippi, Texas and Florida, and reports the condition of people in that section most promising.

—R. Carter, formerly a conductor on the High Springs-Citra run, At- Coast Line, and later engaged in mercantile business in Ocala, sold his interests to Webb & Stamp, and will retire from merchandising. It is known just what Mr. Carter does to do, but he was very popular as a conductor, and will no doubt engage in railroading. He married Miss Chitty of Micanopy.

—Diggett, special agent of the Board of Health, has been in the city for the past two or three days. Diggett has charge of the smallpox cases in this county, and states that the cases are considerably decreasing. He has had great success in treatment of smallpox, and in a measure, by his careful methods, prevented the disease from spreading which the citizens of the inland districts have been grateful.

—Mrs. W. E. Dow have returned from High Springs and other places. On Friday they had the pleasure of dining with Mr. and Mrs. Joseph at Bland, and report that they were most hospitably entertained. Harrison has a good and comfortable home, and is never better satisfied when he is entering a home. He is possessed of that Southern hospitality which makes him popular among all who know him.

—McLain and son, Master John, of Jacksonville, who have been in this city for the past three weeks, departed for home yesterday, where they spend Sunday. As was stated in our issue, Master John had the misfortune some time ago to swallow a quantity of concentrated lye, which affected his throat to an alarming extent, causing considerable trouble. The lad has been under the treatment of Dr. N. D. and friends will be gratified to learn that his condition is so improved that the patient will probably be discharged in a few days.

—E. Peacock of Williston, the talented young editor of The Williston States who has been in this city for the past two days on business and who combined, returned to his home yesterday. Mr. Peacock, Al-

though a young man, is getting out a handsome and creditable paper, and a paper which the people of his town and county appreciate. Like all publishers of country newspapers, he is confronted with disadvantages, being "devil" compositor, editor, business manager and everything else, but with all these duties heaped upon his shoulders, he is getting out a creditable sheet.

The ladies of the Helping Hands Society of the Presbyterian church who propose to give a bazaar and hot supper at the opera house on Tuesday and Wednesday, the 11th and 12th inst., are anticipating a fine success, both socially and financially. The ladies have secured a number of fine chickens and turkeys, with the result that the menu will comprise roast chicken, turkey, creamed potatoes, vegetables, ice cream, coffee, tea, assorted cakes, etc.—in fact a first-class hot supper, which will be served at a very reasonable price. There will be also many fancy articles, donated by various ladies, which will be disposed of at a price reasonable, and the ladies hope to greet many of their friends on this occasion. The function will begin at 5 o'clock in the afternoon of each day.

After several weeks spent in this city, where he has been winding up his business affairs, W. P. Lee departed yesterday for Savannah, Ga., where he will join his family, who have been in that city for the past few months. Mr. Lee, who has been engaged in the cross-tie contracting business at Sanderson up to a year ago, has always kept his family here on account of the superior advantages afforded from an educational standpoint. A little more than a year ago, however, his wife becoming ill, the family was moved to Brunswick, thence to Savannah. Mr. Lee has many friends here who regret exceedingly to see him leave, as he has always manifested a great interest in Gainesville and its people. He will engage in the railroad contracting business in Georgia, but it is hoped that after a while he will decide to return to Florida and make Gainesville his home. He has the best wishes of his friends here.

Millionaire Marries Hotel Clerk.

Chicago, April 8.—A dispatch from Hot Springs Ark., says that Miss Pearl White, daughter of W. D. White, the millionaire manufacturer of Cleveland and former congressman, has been secretly married here at St. Luke's Episcopal church to James T. Bancroft, who three weeks ago was a clerk behind the desk of one of the prominent hotels of Palm Beach, Fla. The wedding was the culmination of a romance which started with love at first sight. Bancroft gave up his position on the second day after meeting Miss White. His home is in Brookline, Mass., and he is 25 years of age. His parents are wealthy. The couple have left for the bride's home.

Banker Committed Suicide.

Lynn, Mass., April 8.—Shortly after the beginning of the autopsy of the body of David K. Phillips, the wealthy banker of Swamp Scott, which was found on the beach there yesterday it was discovered that Phillips' waist coat containing his watch had been found on the beach near where the body was discovered. These articles were missing last night and this fact led the family of Phillips to ask for an autopsy, foul play being suspected. After the autopsy today the medical examiner announced that the banker came to his death by suicide by drowning. There were no evidences of foul play.

Found Bodies In Ruins.

Richmond, Va., April 7.—On Saturday the charred remains of Mrs. W. G. Thompson and her two children were found in the ruins of their burned home at Shadwell, Albemarle county. The husband of the woman was arrested on the charge of murdering the man. Shadwell is near Charlottesville, where a former mayor, J. Samuel McCue, was recently convicted of and executed for wife-murder.
